Article 12: Capital Vehicles

Winchester Capital Planning Committee

Four Vehicle Replacements

- DPW Transfer Station Tractor Cab
- DPW Facilities Utility Vehicle
- DPW Highway Hot Box/Asphalt Truck Replacement
- Fire Department E4 Engine Replacement

DPW Transfer Station Tractor Cab

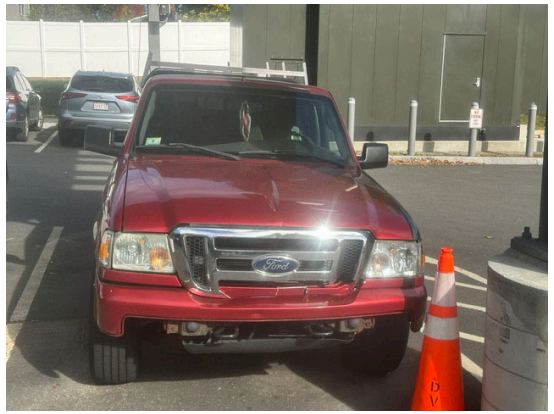

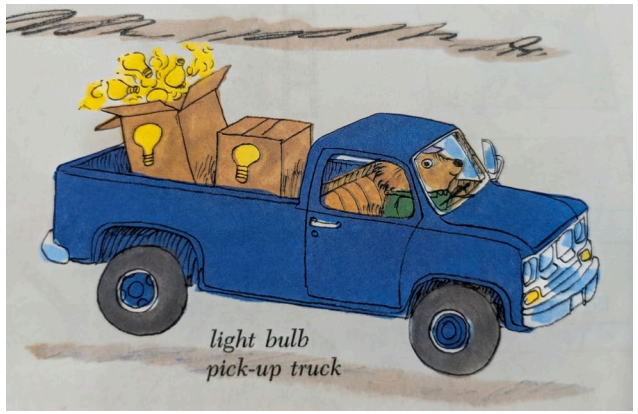

- New International Tractor
- Replacing a 2004 International Tractor with >450k miles that is no longer reliable
- Essential truck hauls waste from Transfer Station to disposal sites
- $275,000 from CSF

DPW Facilities Utility Vehicle

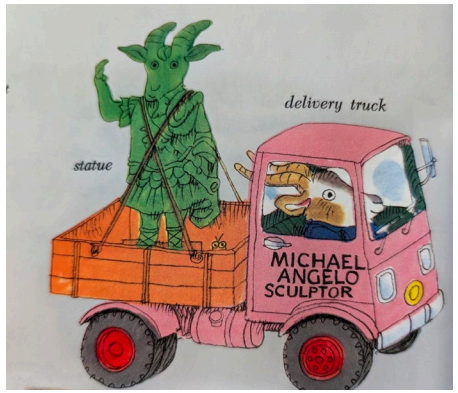

- New F550 one-ton chassis
- Replacing a 2009 Ford Super Ranger is rotting and needs substantial work
- Larger F550 will be outfitted with a plow package
- $115,000 from CSF

DPW Highway Hot Box/Asphalt Truck Replacement

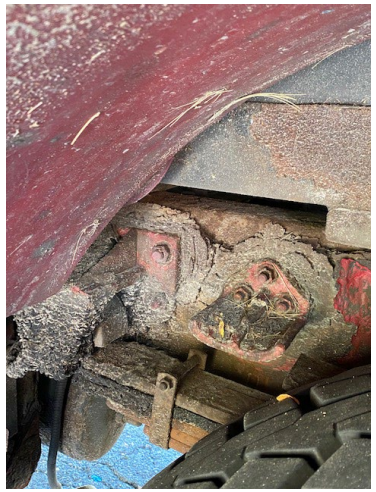

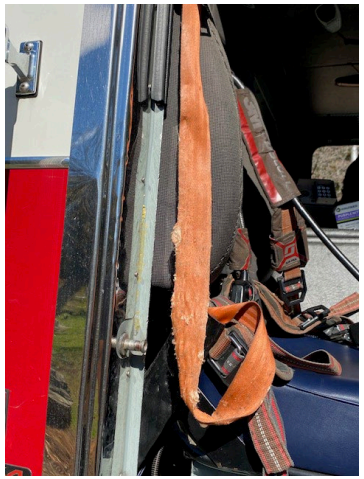

- New International cab and chassis with hydraulics for a hook lift and new hot box
- Replacing a 2014 cab and chassis with an asphalt hot box, neither of which are reliable
- Essential vehicle for roadway maintenance
- $240,000 from CSF

Fire Department E4 Engine Replacement

- New Engine to replaces 18 year old reserve engine
- Takes two years to order and acquire
- Will allow Engine 2 (2018) to be moved to reserve service
- Planning for ladder truck 1 to be replaced next year
- $1,100,000 from CSF

Thank you!
